HOSPITALITY TEAM MEMBER APPRENTICESHIP

The most important part of the Hospitality Team Member role is developing fantastic 'hospitality' skills and knowledge such as recognising customer needs, knowing how to match them to the products and services of the business and working as part of a team to ensure that every customer, whether they are eating in a restaurant, drinking cocktails in a bar, ordering room service in a hotel or attending a business conference feels welcomed and looked after.

This standard has been designed with the input from a trailblazer group which includes: Hilton Worldwide, Mitchells and Butler, The Spirit Pub Company, McDonald's UK and PGL.

For this apprenticeship, the learner is required to select one of the following specialist functions in order to complete the apprenticeship: [Food and Beverage Service](#), [Alcoholic Beverage Service: Wine Service](#), [Alcoholic Beverage Service: Beer/Cask Ale](#), [Alcoholic Beverage Service: Cocktails/Mixology](#), [Barista](#), [Food Production](#), [Concierge and Guest Services](#), [Housekeeping](#), [Reception](#), [Reservations](#), [Conference and Events Operations](#).

For further information regarding the specialist functions, please see Page 4.

INITIAL ASSESSMENT PLAN

Employers will set their own entry requirements in order to start on this apprenticeship. This will include: [Level 1 English and Maths](#).

*£5,000 from May 2017

Funding Band: 7*

Duration: 12 months

Level: 2

3 PREPARE YOUR LUGGAGE

Bring together the essentials for your trip!

ON-THE-JOB AND OFF-THE-JOB TRAINING

This is where all the learners training and development takes place. They will be busy making sure they have packed all the essential items to complete their journey. This may include a qualification if it is identified as a requirement in the standard.

Formative assessment of skills, knowledge and behaviours is required in the delivery of the standard and this will be outlined in the assessment plan. Maths and English are required (level varies according to the standard).

4 CHECK IN

Are you ready to fly?

GATEWAY

In order for the learner to enter into the gateway phase and pass through airport check in, they will need all the correct documentation to travel. It will be the employers decision to place a learner through end-point assessment.

In order to pass through, the learner must have achieved:

- Evidence of the relevant behaviours (On-programme records to be utilised, if used)
- Level 2 in Maths and English
- Undertaken a self assessment

If all the above has been completed, employers can feel confident that they are putting forward learners who are in the best shape to pass their end-point assessment.

5 AIRPORT SECURITY

The final hurdle before flight.

END-POINT ASSESSMENT

There are four assessment activities for the Hospitality Team Member member independent end assessment:

- On demand test (MCQ)
- Practical observation
- Business project
- Professional discussion

The on demand test, observation and business project may be undertaken in any order but they must all be completed before the professional discussion. All assessment activities must be completed within two months.

On demand test

A 90 minute on demand multiple choice test with scenario based questions must be completed under controlled conditions. This will be externally set and marked automatically by the assessment organisation and will cover the core and relevant specialist function.

The questions will be scenario based requiring the learner to demonstrate reasoning and joined up thinking, demonstrating synoptic performance against the key elements of the standard.

Business project

The 800-1,200 word project is designed to give the learner the opportunity to demonstrate their wider understanding of the business they are working in and in particular identify and 'think through' how an improvement could be made to the way it operates.

Practical Observation

The practical assessment is an observation of the learner in a working, hospitality-based environment. During the allotted time, the learner should have the opportunity, if required, to move from one area/function of the business to another in order to best demonstrate how they have applied their knowledge, skills and behaviours in a real-work environment to achieve genuine and demanding work objectives.

Time may be split to cover preparation and service but this should show that the learner can cover a range of tasks in their specialist function.

Professional discussion

In the concluding assessment module, the end-point assessor leads a 40 minute discussion with the learner, the employer can be present to offer their support. This time also includes 10 minutes for presentation of the business project, including questions and answers. Questions in relation to the period of learning, development and continuous assessment, coverage of the standard and personal development will be covered.

Grading

The apprenticeship includes Pass and Distinction grades with the final grade based on the learner's combined performance in each assessment activity. In order to pass, the learner is required to pass each of the four assessments, which are divided into two sections.

The end-point assessor will use the assessment tools and processes designed within the apprenticeship standard to determine whether the pass and distinction grades have been achieved. The assessment activities are not 'weighted' in percentage terms as they are all important to demonstrating the learner's synoptic performance. However employers have been clear that in order to achieve a distinction overall the learner must perform to distinction level in the practical observation.

Section A Grading: Pass = 1, Distinction = 3.

Section B Grading: Pass = 1, Distinction = 2.

Learner cannot achieve the apprenticeship without gaining at least a pass in every assessment method. Once the learner has achieved at least a pass in each assessment activity the final grade can be calculated as follows:

SECTION A (Practical Observation + Business Project combined score)	SECTION B (On Demand Test + Professional Discussion combined score)				
	0	1	2	3	4
0	Fail	Fail	Fail	Fail	Fail
1	Fail	Fail	Fail	Fail	Fail
2	Fail	Fail	Pass	Pass	Pass
3	Fail	Fail	Pass	Pass	Pass
4	Fail	Fail	Pass	Pass	Pass
5	Fail	Fail	Pass	Pass	Distinction
6	Fail	Fail	Pass	Distinction	Distinction
